ABOUT BEIRA BRUSH

Beira Brush (Private) Limited, a subsidiary of BPPL Holdings PLC, is a globally recognized manufacturer of brushes, brooms and scrubs, for use in professional and household settings alike.

In order to create our internationally sought after brushes, woodblocks and fibres, we employ the most sophisticated machinery and cutting-edge technology, and act as an original equipment manufacturer to brush makers worldwide.

Furthermore, our pledge to sustainability is a multi-faceted endeavour, in which every aspect of production, including: ethical sourcing, responsible packaging, non-hazardous chemical use, waste management, and conservation of electricity and water is extensively monitored and regulated. Our commitment to a “green” production process has been rewarded with numerous accreditations, including “LEED” guideline approved system of operations.

All of this reinforces our ethos; that sustainable business is the only way forward in delivering internal growth, equitable returns to all our stakeholders, and the stable supply of a top-tier product, specific to each individual consumer.

ETHICALLY SOURCED...

Brooms

Our range of brooms come in an attractive array of colours and materials, and include: upright brooms, angle brooms and wiper brooms. These discharge a range of cleaning and sweeping requirements within industrial, commercial and domestic premises.

BROOMS

UPRIGHT BROOMS

These multi purpose sweeps come in 6" and 9" foam plastic blocks, molded with two handle holes (one angled and one upright), offering cleaning flexibility. The flagged synthetic filament sweeps fine debris while the stiff synthetic filament and palmyra are used for heavy sweeping.

UTILITY BRUSHES

UTILITY BRUSHES - hard wood handle with natural fibre not limited to food service operations. These popular utilities are also used in service stations, workshops, industrial applications, masonry work and for the cleaning of woks. All these items can be offered in polypropylene, polystyrene, PET, tampico, nylon and palmyra fibres.

UNCOMPROMISING QUALITY...

VEHICLE WASH BRUSHES

Made of soft flagged polyester (PET), polystyrene and nylux fibre, our specially designed vehicle wash brushes guarantee squeaky clean vehicles, without any scratching or scraping of the vehicle's surface.

VEHICLE WASH BRUSHES

Our soft flagged polyester (PET), polystyrene and nylex fibres and bumpers prevent scratches and damages when cleaning vehicles. This range comes with a tapered handle hole and a flow through threaded hole, allowing you to easily connect your water hose to the brush.

VIBRANT HUES...

HYGIENE RANGE

Manufactured according to HACCP standards, the hygiene range of brushes are ultra sophisticated cleaning tools for premises required to maintain high hygiene standards; such as food manufacturing facilities, catering establishments and hospitals.

HYGIENE RANGE

Our new hygiene range was manufactured specifically to clean hygienically sensitive areas in food factories, catering establishments and hospitals.

These are manufactured in compliance with HACCP requirements, usually in five colours to assist departmental or food type segregation and prevent cross contamination.

HACCP is a prevention based system developed by the US Department of Agriculture to help food processors and food service companies eliminate food safety hazards, by identifying critical control points.

ATTENTION TO DETAIL...

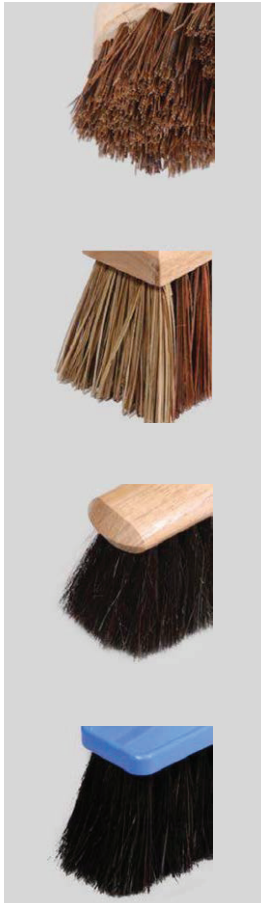

BRUSH FILL GUIDE

In addition to ready-made brushes that are exported globally, we manufacture world-standard customized brushes, tailored to your requirements.

BRUSH FILL GUIDE

Our Company supplies products engineered using the following fibers. If you are looking for a brush for a specific purpose, the fibre guide below will assist you in selecting the correct (mix of) filaments.

VEGETABLE FIBRES

Bassine

Medium Stiff
Filament From
The Palmyra Plant.
Used For Push Brooms &
Scrubbing Brushes.

Cane & Bassine Mix

Cane and Bassine Mix.

Black Coco Fibre

Same as Coco Fibre -
Dyed to Black Color.

EZE Mixture

Natural Coco - PP -
Arenga

Arenga

Excellent Wearing and
Sweeping.
Does not Crush and is Very
Resilient.

Natural Coco Fibre

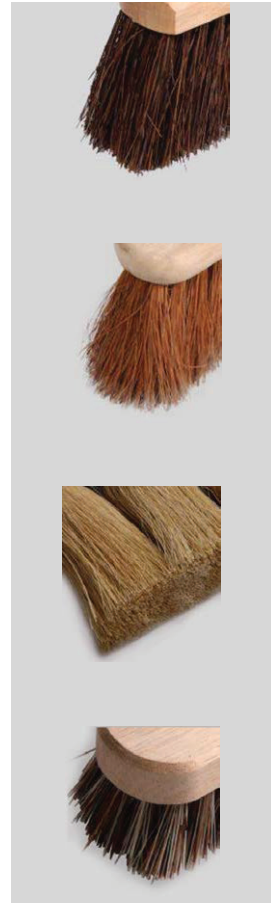

Native to Sri Lanka -
Golden Color
Derived from Coconut Tree.
Ideal for Household & Push
Brooms.

Tampico

From Agave Plants in
Mexico.
Soft to Medium Texture.
High Resistance to
Solvents & Heat.

Union Mixture

PP & Bassine.
Water Retaining &
Resilient.
Ideal for Scrubbing
Brushes.

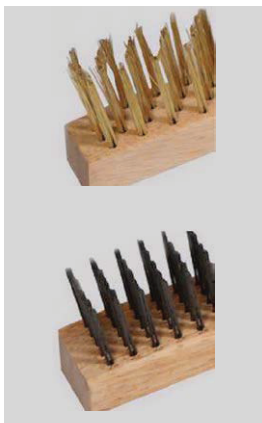

ANIMAL FIBRES

Horse Hair

Durable & Salient.
Ideal for Fine Dust &
Smooth Surface Cleaning.

WIRE

Brass

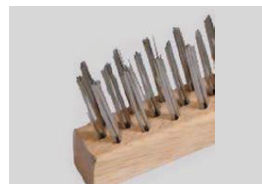

Soft Metal Filaments.
Straight or Crimped -
Removes Metal
and Coated Particles
without Scratching.

Tempered Steel

Ideal for Tough Scrubbing.
Available in Various
Degrees of thickness &
Hardness

Stainless Steel

Non Rusting Corrosion
Resistant
Metal - Still & Long
Wearing.

SYNTHETIC

Polypropylene (PP)

Resists Oil, Heat, Acids,
Solvent & Chemical.
Crimped or Straight.
Endures Moisture.

Polystyrene (PS)

Ideal for Floor Brushes &
Banisters.
Flagged - Resists Water &
Chemicals Well.

Polyester

Long Wearing -
Resistant to Water High
Temperatures, Acids,
Alkaline - & Cleaning
Solvents

PVC

Excellent Wearing &
Sweeping Properties.
Better Recovery to
Polypropylene.

Nylon

Resistant to Solvents &
Heat.
Flagged - Ideal for Vehicle
Wash Brushes.

Polyethylene Terephthalate (PET)

Versatile, Ecologically
Friendly.
Used in a Variety of
Applications.
Excellent Elastic Memory.

DELIVERING THE BEST...
